PROFILE
Full Stack Web Developer with a Bachelors in Business and over 20 years of experience working for companies like IBM, Facebook, Apple, and General Motors. Recognized and endorsed by former colleagues in Vendor Management and Business Performance Management. Earned a certificate from the Coding Boot Camp at the University of Texas in Austin. Skilled in the fundamentals of HTML, CSS, Bootstrap, and React.js and excited to learn more and expand my knowledge base. Efficient worker and a strategic thinker with the ability to pivot upon changing conditions. Goal is to build websites and apps that provide a practical service to people and businesses. Excited to join a team that is fast-paced and quality-driven and help them make a positive impact on the world.
